CHAIRMAN'S NOTE

At Elite Cricket League (ECL), our mission is to make a positive impact on the lives of people across London and the South East through the game of cricket.

The strength of ECL lies in our committed, professional, and passionate members, who value both their time on the field and the friendships they build beyond it.

Over the past few years, we have successfully established a platform that unites the cricketing community and provides opportunities for all who share a love of the sport.

We are committed to reinvesting any surplus funds to support the teams within ECL, ensuring they have the resources needed to grow and succeed.
